QUAIL RUN NEEDLEWORK

Monthly Newsletter | May 2015

How is your spring project going? I am busy working on classes for the shop but am taking time to stitch my wine tray. I make time each morning before coming to work to stitch for 30 to 60 minutes and enjoy the daily progress I make. So far not too much reverse stitching! I, like you, have a long list of "must stitch" projects waiting in line. I have finished by "I love Stitching" frame weight. We have this canvas in stock if you would like to stitch one.

Just a reminder about our Christmas/Chanukah in July Finishing Special - 10% off on all holiday items you bring in or send for us to finish. So gather your items and finish those last few stitches to take advantage of this savings!

Our class in July is the holiday canvas with the four Santas. The background is open so will stitch up fast. Call and sign up as we have two spots left at this time.

Watch for new items in the store next month from the Summer Market. Always exciting to see designs from our favorite designers, along with new designer's canvases. I am always on the hunt for new threads, new gadgets and new ideas to pass on to all of you!

P.S. Jelly Bean Stock Collections ([www.jellybeanstock.com](http://www.jellybeanstock.com)) is the June trunk show. Something for everyone - florals, vintage, kittens, and holiday themes! Stop in or call if we can send you a design.

We're open on Mondays!
